

Controls and compliance checklist

To complete the controls assessment checklist, refer to the information provided in the [scope, goals, and risk assessment report](#). For more details about each control, including the type and purpose, refer to the [control categories](#) document.

Then, select “yes” or “no” to answer the question: *Does Botium Toys currently have this control in place?*

Controls assessment checklist

Yes	No	Control
☐	☒	Least Privilege
☐	☒	Disaster recovery plans
☒	☐	Password policies
☐	☒	Separation of duties
☒	☐	Firewall
☐	☒	Intrusion detection system (IDS)
☐	☒	Backups
☒	☐	Antivirus software
☒	☐	Manual monitoring, maintenance, and intervention for legacy systems
☐	☒	Encryption
☐	☒	Password management system
☒	☐	Locks (offices, storefront, warehouse)
☒	☐	Closed-circuit television (CCTV) surveillance

- ☒ ☐ Fire detection/prevention (fire alarm, sprinkler system, etc.)

To complete the compliance checklist, refer to the information provided in the [scope, goals, and risk assessment report](#). For more details about each compliance regulation, review the [controls, frameworks, and compliance](#) reading.

Then, select “yes” or “no” to answer the question: *Does Botium Toys currently adhere to this compliance best practice?*

Compliance checklist

Payment Card Industry Data Security Standard (PCI DSS)

Yes	No	Best practice
☐	☒	Only authorized users have access to customers’ credit card information.
☐	☒	Credit card information is stored, accepted, processed, and transmitted internally, in a secure environment.
☐	☒	Implement data encryption procedures to better secure credit card transaction touchpoints and data.
☐	☒	Adopt secure password management policies.

General Data Protection Regulation (GDPR)

Yes	No	Best practice
☐	☒	E.U. customers’ data is kept private/secured.
☒	☐	There is a plan in place to notify E.U. customers within 72 hours if their data is compromised/there is a breach.
☐	☒	Ensure data is properly classified and inventoried.

- | | | |
|-------------------------------------|--------------------------|---|
| ☒ | ☐ | Enforce privacy policies, procedures, and processes to properly document and maintain data. |
|-------------------------------------|--------------------------|---|

System and Organizations Controls (SOC type 1, SOC type 2)

Yes	No	Best practice
☐	☒	User access policies are established.
☐	☒	Sensitive data (PII/SPII) is confidential/private.
☒	☐	Data integrity ensures the data is consistent, complete, accurate, and has been validated.
☒	☒	Data is available to individuals authorized to access it.

This section is *optional* and can be used to provide a summary of recommendations to the IT manager regarding which controls and/or compliance best practices Botium Toys needs to implement, based on the risk posed if not implemented in a timely manner.

Recommendations (optional): In this section, provide recommendations, related to controls and/or compliance needs, that your IT manager could communicate to stakeholders to reduce risks to assets and improve Botium Toys' security posture.

- **Implement Access Controls:** Prioritize the creation of **Least Privilege** and **Separation of Duties** policies. Limiting access to sensitive data (PII/SPII) and credit card details to authorized personnel is vital for meeting **PCI DSS**, **GDPR**, and **SOC** regulations.
- **Deploy Encryption:** Execute encryption protocols across transaction points and internal databases to protect data both at rest and during transmission.
- **Establish Backups and Disaster Recovery:** Adopt routine **backups** and a formal **disaster recovery plan** to support business continuity and lower the risk of losing critical assets.

- **Strengthen Password Systems:** Use a **password management system** to require complex credentials, which improves overall security and decreases IT support requests for resets.
- **Install Network Monitoring Tools:** Enhance network visibility by deploying an **Intrusion Detection System (IDS)** to alert the team to unusual traffic patterns.
